INDEPENDENT AUDITOR'S REPORT

Honorable Mayor and Members
of the Township Committee
Township of Plumsted
County of Ocean
New Egypt, New Jersey

We have audited the accompanying balance sheets - regulatory basis of the various funds and account groups of the Township of Plumsted (the "Township"), as of December 31, 2010 and 2009, the related statement of operations and changes in fund balance - regulatory basis for the years then ended, and the related statement of revenues - regulatory basis and statement of expenditures - regulatory basis of the various funds for the year ended December 31, 2010. These financial statements are the responsibility of the Township's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and in compliance with audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division"). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

As described more fully in Note 1, the Township prepares its financial statements on a regulatory basis of accounting prescribed by the Division, as required by state statute, that demonstrates compliance with a modified accrual basis of accounting, and the budget laws of New Jersey, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. The effects on the financial statements of the variances between these regulatory accounting practices and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

In our opinion, because of the effects of the matter discussed in the preceding paragraph, the financial statements referred to above do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the Township as of December 31, 2010 and 2009, the changes in financial position, or, where applicable, its cash flows for the years then ended. Further, the Township has not presented a management's discussion and analysis that accounting principles generally accepted in the United States has determined is necessary to supplement, although not required to be part of, the basic financial statements.

However, in our opinion, the financial statements referred to above present fairly, in all material respects, the financial position - regulatory basis of the various funds and account groups of the Township, as of December 31, 2010 and 2009 and the results of operations and changes in fund balance - regulatory basis of such funds for the years then ended and the statement of revenues - regulatory basis and statement of expenditures - regulatory basis of the various funds for the year ended December 31, 2010 on the basis of accounting described in Note 1.

In accordance with *Government Auditing Standards*, we have also issued our report dated June 15, 2011, on our consideration of the Township's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Our audit was conducted for the purpose of forming opinions on the financial statements of the Township taken as a whole. The accompanying supplementary schedules and the comments and recommendations section are presented for purposes of additional analysis and are not a required part of the financial statements, but is required by the Division. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements taken as a whole, on the basis of accounting described in Note 1.

TOWNSHIP OF PLUMSTED - COUNTY OF OCEAN

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2010

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

Except as noted below, the financial statements of the Township of Plumsted, County of Ocean, New Jersey (the "Township"), include every board, body, office or commission supported and maintained wholly or in part by funds appropriated by the Township as required by N.J.S. 40A:5-5.

The Governmental Accounting Standards Board ("GASB") Statement 14 established criteria to be used to determine which component units should be included in the financial statements of the oversight entity. The criteria differ from the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division") requirements where certain boards, commissions, and agencies of the Township, by statute or other directive, report separately on their financial statements. The financial statements of the following units are reported separately:

Plumsted Township Board of Education
Plumsted Township First Aid Organization
Plumsted Township Fire District
Plumsted Township Municipal Utilities Authority
Plumsted Township Redevelopment Agency

B. Descriptions of Funds

The GASB is the recognized standard-setting body for establishing governmental generally accepted accounting and financial reporting principles.

The accounting policies of the Township conform to the accounting principles applicable to municipalities which have been prescribed by the Division. Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the Township accounts for its financial transactions through the following separate funds which differs from the fund structure required by generally accepted accounting principles ("GAAP"):

Current Fund - revenues and expenditures for governmental operations of a general nature, including federal and state grant funds.

Animal Control Trust Fund - dog license revenues and expenditures.

Trust Other Fund - sundry deposits held for satisfactory completion of specific work; receipts and disbursements for dedicated purposes.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Descriptions of Funds (Continued)

General Capital Fund - resources, including Federal and State grants in aid of construction, and expenditures for the acquisition of general capital facilities, other than those acquired through the Current Fund, including the status of bonds and notes authorized for said purposes.

General Fixed Assets Account Group - used to account for fixed assets used in general government operations.

C. Basis of Accounting

The accounting principles and practices prescribed for municipalities by the Division differ in certain respects from GAAP applicable to local governmental units. The more significant differences are as follows:

A modified accrual basis of accounting is followed with minor exceptions.

Property Taxes and Other Revenues - property taxes and other revenues are recognized on a cash basis. Receivables for property taxes and other items that are susceptible to accrual are recorded with offsetting reserves on the balance sheet of the Township's Current Fund. GAAP requires such revenue to be recognized in the accounting period when they become susceptible to accrual, reduced by an allowance for doubtful accounts.

Grant Revenues - Federal and State grants, entitlement or shared revenues received for purposes normally financed through the Current Fund are recognized when anticipated in the Township's budget. Federal and State grant revenues received for purposes of capital projects financed by capital ordinances are recognized when received. GAAP requires such revenues to be recognized in the accounting period when they become susceptible to accrual.

Expenditures - unexpended or uncommitted appropriations, at December 31, are reported as expenditures through the establishment of appropriation reserves unless cancelled by the governing body. GAAP requires expenditures to be recognized in the accounting period in which the fund liability is incurred, if measurable, except for unmatured interest on general long-term debt, which should be recognized when due.

Encumbrances - contractual orders at December 31, are reported as expenditures through the establishment of a reserve for encumbrances. Encumbrances do not constitute expenditures under GAAP.

Appropriation Reserves - are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments or contracts incurred during the preceding year. Lapsed appropriation reserves are recorded as additions to income. Appropriation reserves do not exist under GAAP.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Basis of Accounting (Continued)

Deferred Charges - the regulatory basis of accounting utilized by the Township requires that certain expenditures be deferred, and raised as items of appropriation in budgets of succeeding years. These deferred charges include the two general categories, overexpenditures and emergency appropriations. Overexpenditures occur when expenditures recorded as "paid or charged" exceed available appropriation balances. Emergency appropriations occur when, subsequent to the adoption of a balanced budget, the governing body authorizes the establishment of additional appropriations based on unforeseen circumstances or for other special purposes as defined by statute. Overexpenditures and emergency appropriations are deducted from total expenditures in the calculation of operating results and are established as assets for Deferred Charges on the respective balance sheets. GAAP does not permit the deferral of overexpenditures to succeeding budgets. In addition, GAAP does not recognize expenditures based on the authorization of an appropriation. Instead, the authorization of special purpose expenditures, such as the preparation of tax maps or revaluation of assessable real property, would represent the designation of fund balance. The status of deferred charges at December 31, 2010 is set forth in Note 9.

Compensated Absences - expenditures relating to obligations for unused vested accumulated vacation and sick pay are not recorded until paid. GAAP requires that the amount which would normally be liquidated with expendable available financial resources be recorded as an expenditure in the operating funds and the remaining obligations be recorded as a long-term obligation. The compensated absence liability at December 31, 2010 is set forth in Note 4.

Property Acquired for Taxes - is recorded in the Current Fund at the assessed valuation when such property was acquired and fully reserved. GAAP requires such property to be recorded in the general fixed assets account group at its market value.

Sale of Municipal Assets - cash proceeds from the sale of Township owned property may be reserved until utilized as an item of anticipated revenue in a subsequent year budget. Year-end balances of such proceeds are reported as a cash liability in the Current Fund. GAAP requires that revenue be recognized in the accounting period that the terms of sales contracts become legally enforceable.

Interfunds - advances in the Current Fund are reported as interfund receivables with offsetting reserves which are created by charges to operations. Income is recognized in the year the receivables are liquidated. GAAP does not require the establishment of an offsetting reserve. The status of interfunds is set forth in Note 15.

Inventories of Supplies - the costs of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The costs of inventories are not included on the various balance sheets. GAAP requires that the cost of inventories be reflected on the balance sheet until utilized and expended.

General Fixed Assets - in accordance with the Technical Accounting Directive No. 85-2, Accounting for Governmental Fixed Assets, as promulgated by the Division, which differs in certain respects from GAAP, the Township has developed a fixed assets accounting and reporting system based upon an inspection and historical cost analysis except for land and buildings acquired prior to December 31, 1985 which are stated at current replacement values as permitted by Technical Accounting Directive No. 85-2.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Basis of Accounting (Continued)

General Fixed Assets (Continued)

Fixed assets used in governmental operations (general fixed assets) are required to be accounted for in the General Fixed Assets Account Group. Public domain (“infrastructure”) general fixed assets consisting of certain improvements other than buildings, such as roads, bridges, curbs and gutters, streets and sidewalks and drainage systems are not capitalized.

GAAP does not require utilization of a general fixed asset account group.

Except for land and buildings, all fixed assets are valued at historical cost or estimated historical cost if actual historical cost is not available.

Depreciation is not recorded in the General Fixed Assets Account Group.

Expenditures for construction in progress are required to be recorded in the Capital Fund until such time as the construction is completed and put into operation.

Fixed assets acquired through grants in aid or contributed capital have not been accounted for separately.

During 2010 the following changes occurred in the fixed assets of the Township:

	<u>Balance</u> <u>Dec. 31, 2009</u>	<u>Additions</u>	<u>Disposals</u>	<u>Transfers</u>	<u>Balance</u> <u>Dec. 31, 2010</u>
General Fixed Assets Account Group:					
Land	\$ 1,352,704	\$	\$	\$	\$ 1,352,704
Machinery and Equipment	1,020,697	66,487	16,000		1,071,184
Improvements	3,714,800	539,577			4,254,377
Construction in Progress	190,120			190,120	
	<u>\$ 6,278,321</u>	<u>\$ 606,064</u>	<u>\$ 16,000</u>	<u>\$ 190,120</u>	<u>\$ 6,678,265</u>

General fixed assets, as shown in Exhibit H, are presented as recorded in the Township records with offsetting reserves on the balance sheet of the Township’s General Fixed Assets Account Group.

D. Financial Statements

The GASB Codification requires the financial statements of a governmental unit to be presented in accordance with GAAP. The Township presents its financial statements in accordance with another comprehensive basis of accounting as promulgated by the Division which differs from the financial statements required by GAAP. In addition, the Division requires the financial statements to be referenced to the supplementary schedules. This practice differs from GAAP.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

E. Budgets and Budgetary Accounting

An annual budget is required to be adopted and integrated into the accounting system to provide budgetary control over revenues and expenditures. Budget amounts presented in the accompanying financial statements represent amounts adopted by the Township and approved by the Division in accordance with applicable statutes.

NOTE 2. CASH AND CASH EQUIVALENTS

A. Deposits

New Jersey statutes permit the deposit of public funds in institutions located in New Jersey which are insured by the Federal Deposit Insurance Corporation ("FDIC"), or by any other agencies of the United States that insure deposits or the State of New Jersey Cash Management Fund.

New Jersey statutes require public depositories to maintain collateral for deposits of public funds that exceed insurance limits as follows:

The market value of the collateral must equal five percent of the average daily balance of public funds; or

If the public funds deposited exceed 75 percent of the funds of the depository, the depository must provide collateral having a market value equal to 100 percent of the amount exceeding 75 percent.

All collateral must be deposited with the Federal Reserve Bank, the Federal Home Loan Bank Board or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000.

The Township considers certain short-term investments permitted by statute to be cash equivalents if they mature within three months or may be withdrawn in cash upon notice from a pool of eligible investments in a participation arrangement with a bank that meets the insurance and collateral requirements of the statute.

At year-end, the carrying amount of the Township's deposits was \$3,405,518 and the bank balance amount was \$3,527,071. Of this amount \$405,013 was covered by federal depository insurance and a collateral pool under New Jersey's Governmental Unit Deposit Protection Act covered the remaining \$3,122,058.

B. Investments

a. When authorized by a cash management plan approved pursuant to N.J.S. 40A:5-14, the Township may use available funds for the purchase of the following types of securities which, if suitable for registry, may be registered in the name of the Township:

- (1) Bonds or other obligations of the United States or obligations guaranteed by the United States.
- (2) Government money market mutual funds.

NOTE 2. CASH AND CASH EQUIVALENTS (CONTINUED)

B. Investments (Continued)

- a. (3) Any obligation that a federal agency or a federal instrumentality has issued in accordance with an act of Congress, which security has a maturity date not greater than 397 days from the date of purchase, provided that such obligation bears a fixed rate of interest not dependent on any index or other external factor.
- (4) Bonds or other obligations of the Township, or bonds or other obligations of school districts of which the Township is a part or within which the school district is located.
- (5) Bonds or other obligations, having a maturity date not more than 397 days from the date of purchase, approved by the Division of Investments, New Jersey Department of the Treasury.
- (6) Municipal investment pools.
- (7) Deposits with the State of New Jersey Cash Management Fund established pursuant to section 1 of P.L. 1977, c. 281; or
- (8) Agreements for the repurchase of fully collateralized securities, if:
- (a) the underlying securities are permitted investments pursuant to paragraphs (1) and (3) of this section;
 - (b) the custody of collateral is transferred to a third party;
 - (c) the maturity of the agreement is not more than 30 days;
 - (d) the underlying securities are purchased through a public depository as defined in section 1 of P.L. 1970, c. 236 (C.17:9-41);
 - (e) a master repurchase agreement providing for the custody and security of collateral is executed.

b. Any investment instruments in which the security is not physically held by the Township shall be covered by a third party custodial agreement, which shall provide for the designation of such investments in the name of the Township and prevent unauthorized use of such investments.

c. Investments are further regulated and restricted in accordance with N.J.S. 40A:5-15.1.

Other than cash equivalents that would otherwise qualify as investments, except for their maturity or the withdrawal provisions of their deposit, the Township had no investments in qualified securities at December 31, 2010.

C. Cash Management Plan

In accordance with N.J.S. 40A:5-14, every municipality shall adopt a cash management plan and shall deposit and invest its funds pursuant to that plan. The plan shall be approved annually by majority vote of the governing body and may be modified from time to time in order to reflect changes in federal or state law or regulations. The chief financial officer shall be charged with administering the plan.

NOTE 2. CASH AND CASH EQUIVALENTS (CONTINUED)

C. Cash Management Plan (Continued)

When an investment in bonds maturing in more than one year is authorized, the maturity of those bonds shall approximate the prospective use of the funds invested.

The plan also requires a monthly report to the governing body summarizing all investments made or redeemed since the previous report and shall include, at a minimum, the specific detailed information as set forth in the statute.

D. Credit Risk Categories

All bank deposits and investments as of the balance sheet date are classified as to credit risk by the following categories described below:

<u>Depository Account</u>	<u>Bank Balance</u>	
	<u>2010</u>	<u>2009</u>
Insured:		
FDIC	\$ 405,013	\$ 500,000
GUDPA	<u>3,122,058</u>	<u>2,963,738</u>
	\$ <u>3,527,071</u>	\$ <u>3,463,738</u>

Custodial Credit Risk - Deposits

Custodial credit risk is the risk that, in the event of a bank failure, the government's deposits may not be returned to it. The Township does not have a formal policy for custodial credit risk.

State law limits investments as noted above.

During the year, the Township had none of its idle funds invested in repurchase agreements collateralized by eligible securities. At the close of the year, no such investments were held by the Township.

NOTE 3. DEBT

The Local Bond Law governs the issuance of bonds and notes to finance general municipal capital expenditures. Bonds are retired in serial installments within the statutory period of usefulness. Bonds issued by the Township are general obligation bonds, backed by the full faith and credit of the Township. Bond anticipation notes are issued to temporarily finance capital projects, prior to the issuance of serial bonds. The term of the notes cannot exceed one year but the notes may be renewed from time to time for a period not exceeding one year. All such notes must be paid no later than the tenth anniversary of the date of the original note. The State of New Jersey also prescribes that on or before the third anniversary date of the original note a payment of at least equal to the first legally payable installment of the bonds in anticipation of which such notes were issued be paid. A second legal installment must be paid if the notes are to be renewed beyond the fourth anniversary date of the original issuance and so on. Tax anticipation notes are issued if the cash on hand is not sufficient to carry on normal operations of the municipality at any time during the year. Such notes are authorized by a resolution adopted by the governing body.

NOTE 3. DEBT (CONTINUED)

A. Long-Term Debt

At December 31, 2010 the Township's long-term debt outstanding was as follows:

Green Trust Loan Program

The Township has three low interest loans (2%) under the New Jersey Department of Environmental Protection's Green Trust Loan Program. The \$100,000 for the Recreation Complex Improvement was finalized on or about December 20, 2010. Loans in the amounts of \$99,999 for the Recreation Park Project and \$149,999 for the Oakford Lake Park Development Project were both finalized on November 19, 1999. The Township must repay the latter two loans in semi-annual installments over seventeen and one half years and the Recreation Complex Loan must be repaid in semi-annual installments over nineteen and one half years. The balance as of December 31, 2010 was \$210,543 and loan payments are due through 2030.

Debt Service requirements during the next five fiscal years and thereafter are as follows:

<u>Year</u>	<u>Principal</u>	<u>Interest</u>
2011	\$ 16,974	\$ 3,137
2012	19,445	3,775
2013	19,836	3,384
2014	20,235	2,985
2015	20,642	2,578
2016-30	<u>113,411</u>	<u>13,868</u>
	\$ <u>210,543</u>	\$ <u>29,727</u>

B. Short-Term Debt

Bond Anticipation Notes

On December 31, 2010 the Township's outstanding Bond Anticipation Notes were as follows:

<u>Ordinance Number</u>	<u>Description</u>	<u>Amount</u>	<u>Interest Rate</u>
08-11	General Capital Fund: Various Capital Improvements	\$ 415,000	2.25%
09-07	Preliminary Expenses in Connection with the Redevelopment Plans	<u>750,000.00</u>	1.63%
		\$ <u>1,165,000.00</u>	

NOTE 3. DEBT (CONTINUED)

C. Bonds and Notes Authorized but not Issued

At December 31, 2010 the Township had bonds and notes authorized but not issued in the amount of \$1,064,763.

D. Borrowing Power

New Jersey statutes limit the debt of a municipality to 3.5% of the average of the last three preceding years equalized valuations of the taxable real estate and improvements plus the assessed valuation of Class II railroad property. The Township's statutory net debt at December 31, 2010 was .17%. The Township's remaining borrowing power is 3.33%.

E. Summary of Annual Debt Service

During 2010 the following changes occurred in the outstanding debt of the Township:

	<u>Balance</u> <u>Dec. 31, 2009</u>	<u>Issued</u>	<u>Retired</u>	<u>Balance</u> <u>Dec. 31, 2010</u>
General Debt:				
Bond Anticipation Notes	\$ 444,925	\$ 750,000	\$ 29,925	\$ 1,165,000
Green Trust Loans:				
Recreation Complex Improvement		100,000		100,000
Municipal Park	5,857		5,857	
Recreation Park Development 2	50,046		5,829	44,217
Oakford Lake Park Development	75,069		8,743	66,326
	<u>\$ 575,897</u>	<u>\$ 850,000</u>	<u>\$ 50,354</u>	<u>\$ 1,375,543</u>

NOTE 4. COMPENSATED ABSENCES

As discussed in Note 1 and in accordance with accounting principles prescribed by the State of New Jersey, the cash basis of accounting is followed for recording the Township's liability related to compensated absences. The Township's policy with respect to compensated absences is as follows:

Vacation Leave

Any unused vacation leave may be carried forward into the next succeeding year only. In the event an employee is unable to utilize during the first six (6) months of the succeeding year any unused vacation time, the Township Committee may consider approval by resolution, an employee's request with Department Head approval, to utilize the aforementioned unused vacation time during the last six (6) months of the succeeding year. Unused vacation time from the previous year shall not be utilized so that a vacation will exceed the total for the previous year.

NOTE 4. COMPENSATED ABSENCES (CONTINUED)

Sick Leave

Sick leave will be recorded in thirty (30) minute increments.

Sick leave can be accumulated without limit during each employee's length of service for a period of up to thirty (30) days.

In the first calendar year of employment, full-time permanent employees shall be entitled to two thirds (2/3) a day of sick leave for each month or fractional part thereof calculated from date of employment.

Thereafter, full-time permanent employees shall be entitled to either eight (8) days of sick leave each year which shall be credited to their account of the beginning of the year.

Any amount of sick leave used which exceeds the amount accrued to an employee's account at time of separation from the Township will be deducted from the final salary payment. Upon termination for any reason accumulated sick time will be forfeited.

Temporary and seasonal employees shall not be eligible for sick leave with pay.

If an employee is unable to report for work due to illness, this fact shall be reported to the department not later than one (1) hour after the start of the normal work day.

An employee on sick leave and receiving his normal compensation who, in addition, qualifies for payments under workers' compensation weekly benefits shall, during the period he is receiving such weekly benefits, be entitled only to that portion of his regular salary which with the workers' compensation payments, equals his normal salary.

NOTE 5. FUND BALANCES APPROPRIATED

The Current Fund balance at December 31, 2010 which was appropriated and included as anticipated revenue for the year ending December 31, 2011 is \$735,000.

NOTE 6. TAXES COLLECTED IN ADVANCE

Taxes collected in advance set forth as a cash liability in the financial statement is as follows:

	<u>Balance December 31</u>	
	<u>2010</u>	<u>2009</u>
Prepaid Taxes	\$ 115,994	\$ 131,737

NOTE 7. ASSESSMENT AND COLLECTION OF PROPERTY TAXES

New Jersey statutes require that taxable valuation of real property be prepared by the Township Tax Assessor as of October 1 in each year and filed with the County Board of Taxation (the "Board") by January 10 of the following year. Upon the filing of certified adopted budgets by the Township, Local School District, Fire District and County, the tax rate is struck by the Board based on the certified amounts in each of the taxing districts for collection to fund the budgets. Pursuant to statute, this process is to be completed on or before May 3, with a completed duplicate of the tax rolls to be delivered to the Township Tax Collector (the "Collector") on or before May 13th.

Tax bills are prepared then mailed by the Collector of the Township annually and set forth the final tax for the tax year. The bill contains a credit for preliminary amounts billed previously with the balance payable in equal installments on August 1st and November 1st of the tax year. In addition the property owner receives a preliminary bill for the succeeding year based on one half of the prior year's tax. The preliminary payments are due and payable on February 1st and May 1st. The N.J. Statutes allow a grace period of 10 days for each payment period and the Township granted this option to taxpayers. Taxes become delinquent if not paid on the installment dates and become subject to interest penalties of 8% or 18% of the amount delinquent. If taxes are delinquent on or after April 1st of the succeeding year, the delinquent amount is subject to "Tax Sale" which places a tax lien on the property allowing the holder to enforce the tax lien by collection or foreclosure. New Jersey property tax laws establish a tax lien on real estate as of January 1st of the current tax year even though the amount due is not known.

NOTE 8. DEFERRED CHARGES TO FUTURE TAXATION FUNDED AND UNFUNDED

Upon the authorization of capital projects, the Township establishes deferred charges for the cost of the capital projects to be raised by future taxation. Funded deferred charges relate to permanent debt issued, whereas unfunded deferred charges relate to temporary or non-funding of the authorized cost of capital projects. According to the New Jersey Statutes Annotated 40A:2-4, the Township may levy taxes on all taxable property within the local unit to repay the debt. Annually, the Township raises the debt requirements for the particular year in the current budget. As funds are raised, the deferred charges are reduced.

NOTE 9. DEFERRED CHARGES TO BE RAISED IN SUCCEEDING BUDGETS

As noted in Note 1, certain expenditures are required to be deferred to budgets of succeeding years. At December 31, 2010, the following deferred charges are shown on the balance sheet of the Current Fund:

	<u>Balance Dec. 31, 2010</u>	<u>2011 Budget Appropriation</u>	<u>Balance to Succeeding Budgets</u>
Current Fund:			
Special Emergency	\$ 14,800	\$ 7,400	\$ 7,400

The appropriation in the 2011 budget is not less than that required by statute.

NOTE 10. PENSION PLANS

The Township contributes to two cost-sharing multiple-employer defined benefit pension plans, the Public Employees' Retirement System ("PERS") and the Police and Firemen's Retirement System ("PFRS"), which are administered by the New Jersey Division of Pensions and Benefits. These plans provide retirement, disability, annual cost-of-living adjustments and death benefits to plan members and their beneficiaries. Each plan has a Board of Trustees that implement benefit provisions which are established and amended by State statute. The Division issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to:

State of New Jersey
Division of Pensions and Benefits
P.O. Box 295
Trenton, New Jersey 08625-0295

The contribution requirements of plan members are determined by State statute. Plan members enrolled in the PERS are required to contribute 5.5% of their annual covered salary. Plan members enrolled in the PFRS are required to contribute 8.5% of their annual covered salary. The Township's contributions to the various plans, equal to the required contributions for each year, were as follows:

<u>Year</u>	<u>PERS</u>	<u>PFRS</u>
2010	\$ 84,341	\$ 99,483
2009	82,170	83,791
2008	56,093	62,428

NOTE 11. SCHOOL TAXES

Local District School Taxes have been raised and liabilities deferred. Section 13 of P.L. 1991, C. 63 required that any municipality that levied school taxes on a school year basis shall defer from the 1991 municipal purposes tax levy at least 25% of the amount allowable to be deferred (which is 50% (fifty percent) of the levy). The remainder of the allowable amount shall be deferred from the levy in each of the next three years (1992-1994). The amounts so deferred shall be regarded as fund balance and shall be used to offset the local property tax levy for local purposes. In 1992 at least 50% of the amount allowable to be deferred from the 1992 tax levy was required to offset the 1993 local property tax levy and the total amount of deferral at December 31, 1993 was 75% of the amount allowable to be deferred based on the 1993 tax levy.

In 1994 Section 13, P.L. 1991, C. 63 was amended to provide municipalities with the option to determine the percentage if any of the amount allowable to be deferred to offset the local property tax levy for local purposes.

	Local District School Tax	
	Balance December 31	
	<u>2010</u>	<u>2009</u>
Balance of Tax	\$ 5,429,887	\$ 5,311,166
Deferred	<u>4,412,518</u>	<u>4,066,518</u>
Tax Payable	\$ <u>1,017,369</u>	\$ <u>1,244,648</u>

NOTE 12. OTHER POSTEMPLOYMENT BENEFITS

In addition to the pension benefits described in Note 10, the Township's policy with respect to certain other postemployment retirement benefits is as follows:

Any employee who experiences a voluntary separation from the service of the Township, upon obtaining retirement age or after twenty-five (25) continuous years of service with the Township, shall be entitled to continue his or her insurance coverage through the Township, provided that the employee assume and pay for the entire cost of their insurance premiums for that former employee. If possible, such insurance premiums shall be paid directly to the insurance carrier.

NOTE 13. RISK MANAGEMENT

The Township is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Township is a member of the Ocean County Municipal Joint Insurance Fund, and the Municipal Excess Liability Fund, public entity risk pools currently operating as a common risk management and insurance programs for municipalities within the state. The Township pays an actuarially determined annual assessment to Ocean County Municipal Joint Insurance Fund for its insurance coverage and that of the Municipal Excess Liability Fund. Supplemental assessments may be levied to supplement the funds. The Township has not been notified on any supplemental assessments.

Settled claims resulting from these risks have not exceeded insurance coverage in any of the past three years.

NOTE 14. CONTINGENT LIABILITIES

State and Federal Financial Assistance

The Township receives financial assistance from the State of New Jersey and the U.S. government in the form of grants. Entitlement to the funds is generally conditional upon compliance with terms and conditions of the financial assistance agreements and applicable regulations, including the expenditure of the funds for eligible purposes. Substantially all grants, entitlements and cost reimbursements are subject to financial and compliance audits by grantors. As a result of these audits, costs previously reimbursed could be disallowed and require repayment to the grantor agency. As of December 31, 2010, the Township estimates that no material liabilities will result from such audits.

Pending Litigation

There are actions which have been instituted against the Township which are in the discovery phase. The final outcome cannot be determined at the present time. The suit has no contingency booked in the accounting records. The probability and the amount of any potential loss is not known.

It is the opinion of the Township officials that there is no litigation threatened or pending that would materially affect the financial position of the Township or adversely affect the Township's ability to levy, collect and enforce the collection of taxes or other revenue for the payment of its bonds, notes or other obligations.

NOTE 15. INTERFUND RECEIVABLES AND PAYABLES

The following interfund balances remained on the balance sheets at December 31, 2010:

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING

AND ON COMPLIANCE AND OTHER MATTERS BASED ON

AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN

ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable Mayor and Members
of the Township Committee
Township of Plumsted
County of Ocean
New Egypt, New Jersey

We have audited the financial statements of the Township of Plumsted (the "Township"), as of and for the year ended December 31, 2010, and have issued our report thereon dated June 15, 2011. Our report disclosed that, as described in Note 1 to the regulatory basis financial statements, the Township prepares its financial statements on a basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division"), that demonstrates compliance with a modified accrual basis of accounting and the budget laws of the State of New Jersey, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and in accordance with audit requirements prescribed by the Division.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Township's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements but not for the purpose of expressing an opinion on the effectiveness of the Township's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Township's internal control over financial reporting.

Internal Control Over Financial Reporting (Continued)

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purposes described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Township's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and audit requirements as prescribed by the Division. We noted certain matters that we reported to management of the Township in the comments and recommendations section of this report and in a separate letter dated June 15, 2011.

This report is intended solely for the information and use of the Township's management, the Township Committee, others within the organization, the Division, and federal and state awarding agencies and pass through entities, and is not intended to be and should not be used by anyone other than these specified parties.

TOWNSHIP OF PLUMSTED

COUNTY OF OCEAN

PART IV

GENERAL COMMENTS AND RECOMMENDATIONS

YEAR ENDED DECEMBER 31, 2010

An audit of the financial accounts and transactions of the Township of Plumsted, in the County of Ocean, for the year ended December 31, 2010 has recently been completed. The results of the audit are herewith set forth.

SCOPE OF AUDIT

The audit covered the financial transactions of the Chief Financial Officer, Tax Collector, the activities of the Mayor and Township Committee, and the records of the various outside departments.

The audit did not and could not determine the character of services rendered for which payment had been made or for which reserves had been set up, nor could it determine the character, proper price or quantity of materials supplied for which claims had been passed. These details were necessarily covered by the internal review and control before approval of such claims by the governing body.

Cash on hand was counted and cash balances were reconciled with independent certifications obtained directly from the depositories.

The accrued and realized revenues for the various Township Departments as shown on the Statement of Revenues and Schedule of Revenue Accounts Receivable are presented as recorded in the Township records.

All material items of revenue and receipts were established and verified as to source and amount where practical.

GENERAL COMMENTS

Contracts and Agreements Required to be Advertised per N.J.S. 40A:11-4a

N.J.S. 40A:11-4a states "Every contract awarded by the contracting agent for the provision or performance of any goods or services, the cost of which in the aggregate exceeds the bid threshold, shall be awarded only by resolution of the governing body of the contracting unit to the lowest responsible bidder after public advertising for bids and bidding therefor, except as is provided otherwise in this act or specifically by any other law." The amount set forth pursuant to the above statute was \$21,000 through June 30, 2010 and \$26,000 thereafter.

The governing body of the municipality has the responsibility of determining whether the expenditures in any category will exceed the above statutory limitation within the fiscal year. Where questions arise as to whether any contract or agreement might result in violation of the statute the Township Counsel's opinion should be sought before a commitment is made.

The minutes indicate that resolutions were adopted and advertised authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S. 40A:11-5.

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear-cut violations existed.

The compliance review of expenditures did not reveal any individual payments or contracts in excess of the statutory limit other than those where bids had been previously sought by public advertisement or where a resolution had been previously adopted under the provisions of N.J.S.A. 40A:11-4.

Contracts or Agreements not Required to be Advertised per N.J.S. 40A:11-6.1

N.J.S. 40A:11-6.1 states “For all contracts that in the aggregate are less than the bid threshold but 15 percent or more of that amount... the contracting agent shall award the contract after soliciting at least two competitive quotations, if practicable.”

We conducted a compliance review of the procedures and policies for securing quotations for purchases referred to above which indicated that the procedures were implemented to ensure statutory compliance and that quotes had been solicited as required by the statute.

Our review of expenditures did not reveal any compliance exceptions pertaining bids and/or quotes.

Collection of Interest on Delinquent Taxes

N.J.S. 54:4-67, as amended, provides the method for authorizing interest and the maximum rates to be charged for the nonpayment of taxes or assessments on or before the date when they would become delinquent.

The governing body on January 5, 2010 adopted the following resolution authorizing interest to be charged on delinquent taxes:

NOW, THEREFORE, BE IT RESOLVED by the Mayor and Township Committee of the Township of Plumsted, County of Ocean, State of New Jersey as follows:

1. The Tax collector is hereby authorized and directed to charge 8% per annum on the first \$1,500.00 of taxes or unpaid assessments becoming delinquent after due date and 18% per annum on any amount of taxes in excess of \$1,500.00 becoming delinquent after due date, subject to any abatement or discount for the late payment of taxes as provided by law; and, if a delinquency is or unpaid assessments in excess of \$10,000.00 and remains in arrears beyond December 31st of the tax year, an additional penalty of 6% shall be charged against the delinquency.

It appears from an examination of the Collector's record that interest was collected in accordance with the foregoing resolution.

Delinquent Taxes and Tax Title Liens

The last tax sale was held on December 21, 2010 and was complete except for those properties in bankruptcy.

Inspection of tax sale certificates on file revealed that all certificates were available for audit.

The following comparison is made of the number of tax title liens receivable on December 31 of the last three years.

<u>Year</u>	<u>Number of Liens</u>
2010	5
2009	3
2008	2

Verification of Delinquent Taxes and Other Charges

A test verification of delinquent charges and current payments was made in accordance with the regulations of the Division of Local Government Services, including the mailing of verification notices as follows:

<u>Type</u>	<u>Number Mailed</u>
Payment of 2010 Taxes	25

For those confirmation notices which were not returned by taxpayers, we examined subsequent cash collections as an alternative procedure where possible.

Miscellaneous

All sums of outstanding checks, reflected in cash reconciliations herein, are in agreement with the records of the Chief Financial Officer, as well as with independent lists made part of this audit.

A report summarizing collections of Dog License Fees and remittances of State Registration Fees has been prepared and filed with the New Jersey Department of Health and the Division of Local Government Services.

A statutory report on the operations of the Municipal Court has been prepared and copies filed with the New Jersey Administrative Office of the Courts, the Division of Local Government Services, the Municipal Court and the Township Clerk.

Individual payments to the Local School District Tax by the municipality were confirmed as received by the Secretary of the Board of Education for the year 2010.

In our verification of expenditures, no attempt was made to establish proof of rendition, character or extent of services nor quantities, nature, propriety of prices or receipt of materials, these elements being left necessarily to internal review in connection with approval of claims.

The propriety of deductions from individual employee salaries for pensions, withholding tax, social security and other purposes was not verified as part of this examination. Remittances to authorized agencies, however, were ascertained.

A summary of synopsis of this report was prepared for publication and filed with the Township Clerk.

FOLLOW-UP OF PRIOR YEAR FINDINGS

In accordance with Government Auditing Standards, our procedures included a review of all prior year findings. All prior year findings were addressed in 2010.
