INDEPENDENT AUDITOR'S REPORT

The Honorable Mayor and Members of the
Township Committee
Township of Plumsted
County of Ocean
New Egypt, New Jersey 08224

Report on the Financial Statements

We have audited the accompanying comparative statements of assets, liabilities, reserves and fund balance--regulatory basis of the various funds and account group of the Township of Plumsted, County of Ocean, State of New Jersey as of December 31, 2014 and 2013, and the related comparative statements of operations and changes in fund balance--regulatory basis for the year then ended, the related statement of revenues--regulatory basis, statement of expenditures--regulatory basis, and the related notes to the financial statements for the year ended December 31, 2014.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles and practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and in compliance with audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Township's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Township's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As discussed in Note 1 to the financial statements, the Township of Plumsted prepares its financial statements using accounting practices that demonstrate compliance with regulatory basis of accounting and budget laws of the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of the State of New Jersey.

The effects on the financial statements of the variances between these regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the “Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles” paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the Township of Plumsted, County of Ocean, State of New Jersey, as of December 31, 2014 and 2013, or the results of its operations and changes in fund balance for the years then ended.

Opinion on Regulatory Basis of Accounting

In our opinion, the financial statements referred to above present fairly, in all material respects, the assets, liabilities, reserves and fund balance--regulatory basis of the various funds and account group of the Township of Plumsted, County of Ocean, State of New Jersey, as of December 31, 2014 and 2013, and the results of its operations and changes in fund balance --regulatory basis of such funds for the years then ended, and the related statement of revenues--regulatory basis, statement of expenditures--regulatory basis of the various funds, and the related notes to financial statements, for the year ended December 31, 2014 in conformity with accounting principles and practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey as described in Note 1.

Other Matters

Report on Supplementary Information

Our audit was made for the purpose of forming an opinion on the financial statements referred to in the first paragraph as a whole. The supplemental financial statements presented for the various funds are presented for purposes of additional analysis as required by the Division of Local Government Services, Department of Community Affairs, State of New Jersey and is not a required part of the above financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated June 29, 2015, on our consideration of the Township of Plumsted's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Township of Plumsted's internal control over financial reporting and compliance.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Honorable Mayor and Members of the
Township Committee
Township of Plumsted
County of Ocean
New Egypt, New Jersey 08224

We have audited, in accordance with the auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States and audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, the financial statements of the Township of Plumsted (herein referred to as "the Township"), as of and for the year ended December 31, 2014, and the related notes to the financial statements, which collectively comprise the Township's basic financial statements, and have issued our report thereon dated June 29, 2015. Our report on the financial statements-regulatory basis was modified to indicate that the financial statements were not prepared and presented in accordance with accounting principles generally accepted in the United States of America but rather prepared and presented in accordance with the regulatory basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which is a basis of accounting other than accounting principles generally accepted in the United States, to meet the requirements of the State of New Jersey for municipal government entities as described in Note I.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Township's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Township's internal control. Accordingly, we do not express an opinion on the effectiveness of the Township's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Townships's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Township's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* or audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Township's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* and audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey in considering the Township's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Respectfully submitted,

TOWNSHIP OF PLUMSTED
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2014

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

Except as noted below, the financial statements of the Township of Plumsted, County of Ocean, New Jersey (the "Township"), include every board, body, office or commission supported and maintained wholly or in part by funds appropriated by the Township as required by N.J.S. 40A:5-5.

The Governmental Accounting Standards Board ("GASB") Statement 14 established criteria to be used to determine which component units should be included in the financial statements of the oversight entity. The criteria differ from the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division") requirements whereby certain boards, commissions and agencies of the Township, by statute or other directive, report separately on their financial statements. The financial statements of the following units are reported separately:

Plumsted Township Municipal Utilities Authority
Plumsted Township Redevelopment Agency

B. Description of Funds

The GASB is the recognized standard-setting body for establishing governmental generally accepted accounting and financial reporting principles.

The accounting policies of the Township conform to the accounting principles applicable to municipalities which have been prescribed by the Division. Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the Township accounts for its financial transactions through the following separate funds and account groups which differ from the fund structure required by generally accepted accounting principles ("GAAP"):

Current Fund - revenues and expenditures for governmental operations of a general nature, including federal and state grant funds.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Description of Funds (Continued)

Animal Control Trust Fund - dog license revenues and expenditures.

Trust Other Fund - sundry deposits held for satisfactory completion of specific work; receipts and disbursements for dedicated purposes.

General Capital Fund - resources including Federal and State grants in aid of construction, and expenditures for the acquisition of general capital facilities, other than those acquired through the Current Fund, including the status of bonds and notes for said purposes.

General Fixed Assets Account Group - used to account fixed assets used in general government operations.

C. Basis of Accounting

The accounting principles and practices prescribed for municipalities by the Division differ in certain respects from GAAP applicable to local governmental units. The more significant differences are as follows:

A modified accrual basis of accounting is followed with minor exceptions.

Property Taxes and Other Revenues - property taxes and other revenues are recognized on a cash basis. Receivables for property taxes and other items that are susceptible to accrual are recorded with offsetting reserves on the balance sheet of the Township's Current Fund. GAAP requires such revenue to be recognized in the accounting period when they become susceptible to accrual, reduced by an allowance for doubtful accounts.

Grant Revenues - Federal and State grants, entitlement or shared revenues received for purposes normally financed through the Current Fund are recognized when anticipated in the Township's budget. Federal and State grant revenues received for purposes of capital projects financed by capital ordinances are recognized when received. GAAP requires such revenues to be recognized in the accounting period when they become susceptible to accrual.

Expenditures - unexpended or uncommitted appropriations at December 31, are reported expenditures through the establishment of appropriation reserves unless canceled by the governing body. GAAP requires expenditures to be recognized in the accounting period in which the fund liability is incurred, if measurable, except for unmatured interest on general long-term debt, which should be recognized when due.

Encumbrances - contractual orders at December 31, are reported as

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Basis of Accounting (Continued)

expenditures through the establishment of a reserve for encumbrances. Encumbrances do not constitute expenditures under GAAP.

Appropriation Reserves - are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments or contracts incurred during the preceding year. Lapsed appropriation reserves are recorded as income. Appropriation reserves do not exist under GAAP.

Deferred Charges - the regulatory basis of accounting utilized by the township requires that certain expenditures be deferred, and raised as items of appropriation in budgets of succeeding years. These deferred charges include the two general categories, overexpenditures and emergency appropriations. Overexpenditures occur when expenditures recorded as "paid or charged" exceed available appropriation balances. Emergency appropriations occur when, subsequent to the adoption of a balanced budget, the governing body authorizes the establishment of additional appropriations based on unforeseen circumstances or for other special purposes as defined by statute. Overexpenditures and emergency appropriations are deducted from total expenditures in the calculation of operating results and are established as assets for Deferred Charges on the respective balance sheets. GAAP does not permit the deferral of overexpenditures to succeeding budgets. In addition, GAAP does not recognize expenditures based on the authorization of an appropriation. Instead, the authorization of special purpose expenditures, such as the preparation of tax maps or revaluation of assessable real property, would represent the designation of fund balance. The status of deferred charges at December 31, 2014 is set forth in Note 9.

Compensated Absences - expenditures relating to obligations for vested accumulated vacation and sick pay are not recorded until paid. GAAP requires that the amount which would normally be liquidated with expendable available financial resources be recorded as an expenditure in the operating funds and the remaining obligations be recorded as a long-term obligation. The compensated absence liability at December 31, 2014 is set forth in Note 4.

Property Acquired for Taxes - is recorded in the Current Fund at the assessed valuation when such property was acquired and fully reserved. GAAP requires such property to be recorded at its market value.

Sale of Municipal Assets - cash proceeds from the sale of Township owned property may be reserved until utilized as an item of anticipated revenue in a subsequent year budget. Year-end balances of such proceeds are reported as a cash liability in the Current Fund. GAAP

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Basis of Accounting (Continued)

requires that revenue be recognized in the accounting period that the terms of sales contracts become legally enforceable.

Interfunds - advances in the Current Fund are reported as interfund receivables with offsetting reserves which are created by charges to operations. Income is recognized in the year the receivables are liquidated. GAAP does not require the establishment of an offsetting reserve. The status of interfunds is set forth in Note 15

Inventories of Supplies - the costs of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The costs of inventories are not included on the various balance sheets. GAAP requires that the cost of inventories be reflected on the balance sheet until utilized and expended.

General Fixed Assets - in accordance with the New Jersey Administrative Code, which differs in certain respects from GAAP, the Township has developed a fixed assets accounting and reporting system. All fixed assets are valued at historical cost or estimated historical cost if actual historical cost is not available.

Fixed assets used in governmental operations (general fixed assets) are required to be accounted for in the General Fixed Assets Account Group. Public domain ("infrastructure") general fixed assets consisting of certain improvements other than buildings, such as roads, bridges, curbs and gutters, streets and sidewalks and drainage systems are not capitalized.

GAAP does not require utilization of a general fixed asset account group.

Except for land and buildings, all fixed assets are valued at historical cost or estimated historical cost if actual historical cost is not available.

Depreciation is not recorded in the General Fixed Assets Account Group.

Expenditures for construction in progress are required to be recorded in the Capital Fund until such time as the construction is completed and put into operation.

Fixed assets acquired through grants in aid or contributed capital have not been accounted for separately.

General Fixed Assets (Continued)

During 2014 the following changes occurred in the fixed assets of the Township:

	Balance Jan. 1, 2014	Net Change	Balance Dec. 31, 2014
General Fixed Assets Account Group:			
Land	\$ 1,261,203.00	\$ 0.30	\$ 1,261,203.30

General fixed assets, as shown in Exhibit D, are presented as recorded in the Township records with offsetting reserves on the balance sheet of the Township's General Fixed Assets Account Group

D. Financial Statements

The GASB codification requires the financial statements of a governmental unit to be presented in accordance with GAAP. The Township presents its financial statements in accordance with an other comprehensive basis of accounting as promulgated by the Division which differs from the financial statements required by GAAP. In addition, the Division requires the financial statements to be referenced to the supplementary schedules. This practice differs from GAAP.

E. Budgets and Budgetary Accounting

An annual budget is required to be adopted and integrated into the accounting system to provide for budgetary control over revenues and expenditures. Budget amounts presented in the accompanying financial statements represent amounts adopted by the Township and approved by the Division in accordance with applicable statutes.

NOTE 2: CASH AND CASH EQUIVALENTS

A. Deposits

New Jersey statutes permit the deposit of public funds in institutions located in New Jersey which are insured by the Federal Deposit Insurance Corporation ("FDIC"), or by any other agencies of the United States that insure deposits or the State of New Jersey Cash Management Fund. New Jersey statutes require public depositories to maintain collateral for deposits of public funds that exceed certain insurance limits as follows:

The market value of the collateral must equal five percent of the average daily balance of public funds; or

If the public funds deposited exceed 75 percent of the funds of the depository, the depository must provide collateral having a market value equal to 100 percent of the amount exceeding 75 percent.

All collateral must be deposited with the Federal Reserve Bank, the Federal Home Loan Bank Board or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000.00.

The Township considers certain short-term investments permitted by statute to be cash equivalents if they mature within three months or may be withdrawn in cash upon notice from a pool of eligible investments in a participation arrangement with a bank that meets the insurance and collateral requirements of the statute.

At year-end, the carrying amount of the Township's deposits was \$2,619,358.55. Of this amount \$250,000.00 was covered by FDIC insurance and a collateral pool under New Jersey's Governmental Unit Deposit Protection Act covered \$2,216,442.03. An amount of \$152,916.52 was on deposit in the name of various developers for escrow and is insured by FDIC insurance or uninsured depending upon the deposits of the individual developer in the escrow depository.

B. Investments

When authorized by a cash management plan approved pursuant to N.J.S. 40A:5-14, the Township may use available funds for the purchase of the following types of securities which, if suitable for registry, may be registered in the name of the Township:

1. Bonds or other obligations of the United States or obligations guaranteed by the United States.

NOTE 2: CASH AND CASH EQUIVALENTS (CONTINUED)

B. Investments (Continued)

2. Government money market mutual funds.
3. Any obligation that a federal agency or a federal instrumentality has issued in accordance with an act of Congress, which security has a maturity date not greater than 397 days from the date of purchase, provided that such obligation bears a fixed rate of interest not dependent on any index or other external factor.
4. Bonds or other obligations of the Township, or bonds or other obligations of school districts of which the Township is a part or within which the school district is located.
5. Bonds or other obligations, having a maturity date not more than 397 days from date of purchase, approved by the Division of Investments, New Jersey Department of the Treasury.
6. Municipal investment pools.
7. Deposits with the State of New Jersey Cash Management Fund established pursuant to section 1 of P.L. 1977, c.281 or
8. Agreements for the repurchase of fully collateralized securities if:
 - a. the underlying securities are permitted investments pursuant to paragraphs (1) and (3) of this section;
 - b. the custody of collateral is transferred to a third party;
 - c. the maturity of the agreement is not more than 30 days;
 - d. the underlying securities are purchased through a public depository as defined in section 1 of P.L. 1970, c.236 (C. 17:19-41);
 - e. a master repurchase agreement providing for the custody and security of collateral is executed.

Any investment instruments in which the security is not physically held by the Township shall be covered by a third party custodial agreement, which shall provide for the designation of such investments in the name of the Township and prevent unauthorized use of such investments.

Investments are further regulated and restricted in accordance with N.J.S. 40A:5-15.1.

NOTE 2: CASH AND CASH EQUIVALENTS (CONTINUED)

Other than cash equivalents that would otherwise qualify as investments, except for their maturity or the withdrawal provisions of their deposit, the Township had no investments in qualified securities at year-end.

C. Cash Management Plan

In accordance with N.J.S. 40A:5-14, every municipality shall adopt a cash management plan and shall deposit and invest its funds pursuant to that plan. The plan shall be approved annually by majority vote of the governing body and may be modified from time to time in order to reflect changes in federal or state law or regulations. The chief financial officer shall be charged with administering the plan.

When an investment in bonds maturing in more than one year is authorized, the maturity of those bonds shall approximate the prospective use of the funds invested.

The plan also requires a monthly report to the governing body summarizing all investments made or redeemed since the previous report and shall include, at a minimum, the specific detailed information as set forth in the statute.

D. Credit Risk Categories

All bank deposits and investments as of the balance sheet date are classified as to credit risk by the following categories described below:

	<u>Bank Balance</u>	
	<u>2014</u>	<u>2013</u>
<u>Depository Account</u>		
Insured		
FDIC	\$ 250,000.00	\$ 250,000.00

	<u>\$ 2,619,358.55</u>	<u>\$ 2,760,953.00</u>

Custodial Credit Risk - Deposits

Custodial credit risk is the risk that, in the event of a bank failure, the government's deposits may not be returned to it. The Township does not have a formal policy for custodial credit risk

State law limits investments as noted above.

NOTE 2: CASH AND CASH EQUIVALENTS (CONTINUED)

During the year, the Township had none of its idle funds invested in repurchase agreements collateralized by eligible securities. At the close of the year, no such investments were held by the Township.

NOTE 3: DEBT

The Local Bond Law governs the issuance of bonds and notes to finance general municipal capital expenditures. Bonds are retired in serial installments within the statutory period of usefulness. Bonds issued by the Township are general obligation bonds, backed by the full faith and credit of the Township. Bond anticipation notes are issued to temporarily finance capital projects, prior to the issuance of serial bonds. The term of the notes cannot exceed one year but the notes may be renewed from time to time for a period not exceeding one year. All such notes must be paid no later than the tenth anniversary of the date of the original note. The State of New Jersey also prescribes that on or before the third anniversary date of the original note a payment of at least equal to the first legally payable installment of the bonds in anticipation of which such notes were issued be paid. A second legal installment must be paid if the notes are to be renewed beyond the fourth anniversary date of the original issuance and so on. Tax anticipation notes are issued if the cash on hand is not sufficient to carry on normal operations of the municipality at any time during the year. Such notes are authorized by a resolution of the governing body.

A. Long-Term Debt

At December 31, 2014 the Township's long-term debt outstanding was as follows:

Green Trust Loan Program

The Township has three low interest loans (2%) under the New Jersey Department of Environmental Protection's Green Trust Loan Program. The \$100,000 for the Recreation Complex Improvement was finalized on or about December 20, 2010. Loans in the amounts of \$99,999 for the Recreation Park Development 2 and \$149,999 for the Oakford Lake Park Development were both finalized on November 19, 1999. The Township must repay the latter two loans in semi-annual installments over seventeen and one half years and the Recreation Complex Improvement Loan must be repaid in semi-annual installments over nineteen and one half years. The balance as of December 31, 2014 was \$134,052.04 and loan payments are due through 2030.

NOTE 4: COMPENSATED ABSENCES

As discussed in Note 1 and in accordance with accounting principles prescribed by the State of New Jersey, the cash basis of accounting is followed for recording the Township's liability related to compensated absences. The Township's policy with respect to compensated absences is as follows:

Vacation Leave

Any unused vacation leave may be carried forward into the next succeeding year only. In the event an employee is unable to utilize during the first six (6) months of the succeeding year any unused vacation time, the Township Committee may consider approval by resolution, an employee's request with Department Head approval, to utilize the aforementioned unused vacation time during the last six (6) months of the succeeding year. Unused vacation time from the previous year shall not be utilized so that a vacation will exceed the total for the previous year.

Sick Leave

Sick leave will be recorded in thirty (30) minute increments.

Sick leave can be accumulated without limit during each employee's length of service for a period of up to thirty (30) days.

In the first calendar year of employment, full-time permanent employees shall be entitled to two thirds (2/3) a day of sick leave for each month or fractional part thereof calculated from date of employment.

Thereafter, full-time permanent employees shall be entitled to either eight (8) days of sick leave each year which shall be credited to their account at the beginning of the year.

Any amount of sick leave used which exceeds the amount accrued to an employee's account at time of separation from the Township will be deducted from the final salary payment. Upon termination for any reason accumulated sick time will be forfeited.

Temporary and seasonal employees shall not be eligible for sick leave with pay.

If an employee is unable to report for work due to illness, this fact shall be reported to the department not later than one (1) hour after the start of the normal

work day.

An employee on sick leave and receiving his normal compensation who, in addition, qualifies for payments under workers' compensation weekly benefits shall, during the period he is receiving such weekly benefits, be entitled to only that portion of his regular salary which with the workers' compensation payments, equals his normal salary.

NOTE 5: FUND BALANCES APPROPRIATED

The Current Fund balance at December 31, 2014, which was appropriated and included as anticipated revenue for the year ending December 31, 2015, was as follows:

Current Fund:

\$593,497.67*

Per Introduced Budget*

NOTE 6: TAXES COLLECTED IN ADVANCE

Taxes collected in advance set forth as a cash liability in the financial statements are as follows:

	Balance December 31, 2014	Balance December 31, 2013
Prepaid Taxes	<u>\$110,971.39</u>	<u>\$94,684.74</u>

NOTE 7: ASSESSMENT AND COLLECTION OF PROPERTY TAXES

New Jersey statutes require that taxable valuation of real property be prepared by the Township Tax Assessor as of October 1 in each year and filed with the County Board of Taxation (the "Board") by January 10 of the following year. Upon the filing of certified adopted budgets by the Township, Local School District, Fire District and County, the tax rate is struck by the Board based on the certified amounts in each of the taxing districts for collection to fund the budgets. Pursuant to statute, this process is to be completed on or before May 3, with a completed duplicate of the tax rolls to be delivered to the Township Tax Collector (the "Collector") on or before May 13th.

Tax bills are prepared then mailed by the Collector of the Township annually and set forth the final tax for the tax year. The bill contains a credit for preliminary

NOTE 7: ASSESSMENT AND COLLECTION OF PROPERTY TAXES (CONTINUED)

amounts billed previously with the balance payable in equal installments on August 1st and November 1st of the tax year. In addition the property owner receives a preliminary bill for the succeeding year based on one half of the prior year's tax. The preliminary payments are due on February 1st and May 1st. The N.J. Statutes allow a grace period of 10 days for each payment period and the Township granted this option to taxpayers. Taxes become delinquent if not paid on the installment dates and become subject to interest penalties of 8% or 18% of the amount delinquent. If taxes are delinquent on or after April 1st of the succeeding year, the delinquent amount is subject to "Tax Sale" which places a tax lien on the property allowing the holder to enforce the tax lien by collection or foreclosure. New Jersey property tax laws establish a tax lien on real estate as of January 1st of the current tax year even though the amount due is not known.

NOTE 8: DEFERRED CHARGES TO FUTURE TAXATION FUNDED AND UNFUNDED

Upon the authorization of capital projects, the township establishes deferred charges for the cost of the capital projects to be raised by future taxation. Funded deferred charges relate to permanent debt issued, whereas unfunded deferred charges relate to temporary or non-funding of the authorized cost of capital projects. According to the New Jersey Statutes Annotated 40A:2-4, the Township may levy taxes on all taxable property within the local unit to repay the debt. Annually, the Township raises the debt requirements for the particular year in the current budget. As funds are raised, the deferred charges are reduced.

NOTE 9: DEFERRED CHARGES TO BE RAISED IN SUCCEEDING BUDGETS

Certain expenditures are required to be deferred to budgets of succeeding years. At December 31, 2014, the following deferred charges are shown on the balance sheets of the various funds:

NOTE 10: PENSION PLANS

Plan Description

Substantially all of the Township's employees participate in one of the following

NOTE 10: PENSION PLANS (CONTINUED)

pension plans which have been established by State statute, and are administered by the New Jersey Division of Pensions and Benefits (the "Division"): the Public Employees' Retirement System (the "PERS"), the Police and Firemen's Retirement System (the "PFRS") or the Defined Contribution Retirement Program (the "DCRP"). Each plan has a Board of Trustees that is primarily responsible for its administration. The Division issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to the State of New Jersey, Division of Pensions and Benefits, P.O. Box 295, Trenton, New Jersey, 08625-0295.

Public Employees' Retirement System (PERS)

The PERS was established in 1955. The PERS provides retirement, death, disability and medical benefits to qualified members. Vesting and benefit provisions are established by N.J.S.A. 43:15A and 43:3B.

The contribution requirements of plan members are determined by State statute. In accordance with Chapter 92 and Chapter 103, P.L. 2007, plan members are required to contribute 5.5% of their annual covered salary. Pursuant to the provisions of Chapter 78, P.L. 2011, the active member contribution rate was increased to 6.5% plus an additional 1% phased-in over seven years beginning in the first year. The phase-in of the additional incremental member contribution amount will take place in July of each subsequent year. The State Treasurer has the right under the current law to make temporary reductions in member rates based on the existence of surplus pension assets in the retirement system; however the statute also requires the return to the normal rate when such surplus pension assets no longer exist.

The Township is billed annually for its normal contribution plus any accrued liability. These contributions, equal to the required contributions are detailed below.

Police and Fireman's Retirement System (PFRS)

The PFRS was established in 1944. The PFRS provides retirement, death, disability and medical benefits to qualified members. Vesting and benefit provisions are established by N.J.S.A. 43:16A and 43:3B.

The contribution requirements of plan members are determined by State statute. In accordance with Chapter 204, P.L. 1989, plan members enrolled in the PFRS are required to contribute 8.5% of their annual covered salary. Pursuant to the provisions of Chapter 78, P.L. 2011, the active member contribution rate was increased to 10.0% in October 2011. The State Treasurer has the right under the current law to make temporary reductions in member rates based on the existence of surplus pension assets in the retirement system; however the statute also requires the return to the normal rate when such surplus pension

NOTE 10: PENSION PLANS (CONTINUED)

assets no longer exist.

The Township is billed annually for its normal contribution plus any accrued liability. These contributions, equal to the required contributions are detailed below.

Defined Contribution Retirement Program (DCRP)

The DCRP was established in 2007, under the provisions of Chapter 92, P.L. 2007 and Chapter 1, P.L. 2010. The DCRP Board oversees the DCRP, which is administered by Prudential Financial on behalf of the Division. The DCRP provides eligible members, and their beneficiaries, with a tax-sheltered, defined contribution retirement benefit, along with life insurance and disability coverage. Vesting and benefit provisions are established by N.J.S.A. 43:15C-1 et seq.

The contribution requirements of plan members are determined by State statute. Plan members are required to contribute 5.5% of their annual covered salary and the Township is required to contribute 3% of the annual salary. The employee contributions along with the Township's contribution for each pay period are transmitted to Prudential financial not later than the fifth business day after the date on which the employee is paid for that pay period.

There were two Township employees enrolled in the DCRP for the years ended December 31, 2014, 2013 and 2012.

Other Information

The Township's contributions, equal to the required contributions for each fiscal year, were as follows:

NOTE 11: SCHOOL TAXES

Local School District Taxes have been raised and liabilities deferred. Section 13 of P.L. 1991, C. 63 required that any municipality that levied school taxes on a school year basis shall defer from the 1991 municipal purposes tax levy at least 25% of the amount allowable to be deferred (which is 50% (fifty percent) of the levy). The remainder of the allowable amount shall be deferred from the levy in

NOTE 11: SCHOOL TAXES (CONTINUED)

each of the next three years (1992-1994). The amounts so deferred shall be regarded as fund balance and shall be used to offset the local property tax levy for local purposes. In 1992 at least 50% of the amount of the amount allowable to be deferred from the 1992 tax levy was required to offset the 1993 local property tax levy and the total amount of deferral at December 31, 1993 was 75% of the amount allowable to be deferred based on the 1993 tax levy.

In 1994 Section 13, P.L. 1991, C. 63 was amended to provide municipalities with the option to determine the percentage if any of the amount allowable to be deferred to offset the local property tax levy for local purposes.

NOTE 12: OTHER POSTEMPLOYMENT BENEFITS

In addition to the pension benefits described in Note 10, the Township's policy with respect to certain other postemployment retirement benefits is as follows:

Any employee who experiences a voluntary separation from the service of the Township, upon obtaining retirement age or after twenty-five (25) continuous years of service with the Township, shall be entitled to continue his or her insurance coverage through the Township, provided that the employee assume and pay for the entire cost of their insurance premiums for that former employee. If possible, such insurance premiums shall be paid directly to the insurance carrier.

NOTE 13: RISK MANAGEMENT

The Township is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Township is a member of the Ocean County Municipal Joint Insurance Fund, and the Municipal Excess Liability Fund, public entity risk pools currently operating as a common risk management and insurance programs for municipalities within the state. The Township pays an actuarially determined annual assessment to Ocean County Municipal Joint Insurance Fund for its insurance coverage and that of the Municipal Excess Liability Fund. Supplemental assessments may be levied to supplement the

NOTE 13: RISK MANAGEMENT(CONTINUED)

funds. The Township has not been notified on any supplemental assessments.

Settled claims resulting from these risks have not exceeded insurance coverage in any of the past three years.

NOTE 14: CONTINGENT LIABILITIES

State and Federal Financial Assistance

The Township receives financial assistance from the State of New Jersey and the U.S. government in the form of grants. Entitlement to the funds is generally conditional upon compliance with terms and conditions of the financial assistance agreements and applicable regulations, including the expenditure of the funds for eligible purposes. Substantially all grants, entitlements and cost reimbursements are subject to financial and compliance audits by grantors. As a result of these audits, cost previously reimbursed could be disallowed and require repayment to the grantor agency. As of December 31, 2014, the Township estimates that no material liabilities will result from such audits.

Pending Litigation

It is the opinion of the Township officials that there is no litigation threatened or pending that would materially affect the financial position of the Township or adversely affect the Township's ability to levy, collect and enforce the collection of taxes or other revenue for the payment of its bonds, notes or other obligations.

NOTE 15: INTERFUND RECEIVABLES AND PAYABLES

The following interfund balances remained on the balance sheets at December 31, 2014:

<u>Fund</u>	<u>Interfund Receivable</u>	<u>Interfund Payable</u>
Current Fund	\$	\$ 54,711.61
Grant Fund	54,711.61	
	\$ 54,711.61	\$ 54,711.61

The purpose of these interfunds is short-term borrowing.

NOTE 16: SUBSEQUENT EVENTS

The Township has evaluated subsequent events occurring after the financial statement date through the audit date which is the date the financial statements were available to be issued. Based upon this evaluation, the Township has determined that the following items require disclosure in the financial statements:

In 2015, the Township introduced a capital ordinance authorizing the issuance of \$1,500,000.00 of Bonds and Notes providing for Various Capital Improvements & Related Expenses Sewer Plant.

**TOWNSHIP OF PLUMSTED
COUNTY OF OCEAN**

PART II

**COMMENTS AND RECOMMENDATIONS
FOR THE YEAR ENDED DECEMBER 31, 2014**

This page intentionally left blank

The Honorable Mayor and Members of the
Township Committee
Township of Plumsted
County of Ocean
New Egypt, New Jersey 08224

We have audited the financial statements of the Township of Plumsted in the County of Ocean for the year ended December 31, 2014.

Scope of Audit

The audit covered the financial transactions of the Treasurer and Tax Collector, and the activities of the Mayor and Commissioners and the records of the various outside departments.

The audit did not and could not determine the character of services rendered for which payment had been made or for which reserves had not been set up, nor could it determine the character, proper price or quantity of materials supplied for which claims had been passed. These details were necessarily covered by the internal review and control before approval of such claims by the governing body.

Cash on hand was counted and cash balances were reconciled with independent certifications obtained directly from the depositories.

The accrued and realized revenues for the various Township Departments as shown on the Statements of Revenue and Revenue Accounts Receivable are presented as recorded in the Township records.

In accordance with requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, the following are the *General Comments* and *Recommendations* for the year then ended.

GENERAL COMMENTS

Contracts and Agreements Required to be Advertised by (N.J.S.A.40A:11-4)

N.J.S.A.40A:11-4 - Every contract or agreement, for the performance of any work or furnishing or hiring of any materials or supplies, the cost or the contract price whereof is to be paid with or out of public funds not included within the terms of Section 3 of this act, shall be made or awarded only by the governing body of the contracting unit after public advertising for bids and bidding therefore, except as is provided otherwise in this act or specifically by any other Law. No work, materials or supplies shall be undertaken, acquired or furnished for a sum exceeding in the aggregate \$36,000 except by contract or agreement. The Township employs a qualified purchasing agent.

It is pointed out that the governing body of the municipality has the responsibility of determining whether the expenditures in any category will exceed the statutory minimum within the fiscal year. Where question arises as to whether any contract or agreement might result in violation of the statute, the solicitor's opinion should be sought before a commitment is made.

Contracts and Agreements Required to be advertised by (N.J.S.A.40A:11-4) (continued):

The minutes indicate that resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services," per *N.J.S.A.40A:11-5*.

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear-cut violations existed.

The compliance review of expenditures did not reveal any individual payments or contracts in excess of the statutory limit "for the performance of any work, or the furnishing of any materials, supplies or labor, or the hiring of teams or vehicles," other than those where bids had been previously sought by public advertisement or where a resolution had been previously adopted under the provisions of *N.J.S.A.40A:11-6*.

Contracts and Agreements Requiring Solicitation of Quotations

The examination of expenditures did not reveal any individual payments, contracts or agreements in excess of \$5,400 "for the performance of any work or the furnishing or hiring of any materials or supplies", other than those where bids had been previously sought by public advertisement or where a resolution had been previously adopted under the provision of (*N.J.S.A.40A:11-6.1*).

Collection of Interest on Delinquent Taxes and Assessments

N.J.S.54:4-67, as amended, provides the method for authorizing interest and the maximum rates to be charged for the nonpayment of taxes or assessments on or before the date when they would become delinquent.

The governing body on January 1, 2014 adopted the following resolution authorizing interest to be charged on delinquent taxes:

"BE IT RESOLVED that the rate of interest to be charged for the nonpayment of taxes and water/sewer rents on the date when they become delinquent is hereby fixed as eight (8%) percent per annum of the first One Thousand Five Hundred Dollars (\$1,500.00) of the delinquency, and eighteen (18%) percent per annum on any amount in excess of One Thousand Five Hundred Dollars (\$1,500.00). The same to be calculated from the date of actual payment; provided, however, that no interest be charged if payment is made with ten (10) days after the date upon which same became payable."

It appears from an examination of the Collector's record that interest was collected in accordance with the foregoing resolution.

Delinquent Taxes and Tax Title Liens

The last tax sale was held on December 16, 2014 and was complete except for those properties in bankruptcy.

Delinquent Taxes and Tax Title Liens (continued):

The following comparison is made of the number of tax title liens receivable on December 31 of the last three years:

YEAR	NUMBER OF LIENS
2014	9
2013	9
2012	10

Deductions From Taxes

The audit of senior citizen and veteran deductions on a test basis revealed that deductions appear reasonable.

Examination of Bills

A test check of paid bills was made and each bill, upon proper approval, was considered as a separate and individual contract unless the records disclosed it to be a part payment or estimate.

Municipal Court

As part of the test of the municipal court records, no attempt was made to differentiate between fines due the Township, County, or State, or to pass upon the authenticity of the preparation and procedures for complaints issued.

The statutory report on the operations of the Municipal Court has been prepared and copies filed with the New Jersey Administrative Office of the Courts, the Division of Local Government Services, the Municipal Court and the Township Clerk.

Follow-up on Prior Year Findings

In accordance with government auditing standards, my procedures included a review of all prior year findings. Corrective action has been taken on all of the prior year findings except those marked above with an asterisk (*).
